

PROJECT REPORT ON
HEALTH CARE WEBSITE

SUBMITTED BY:

J. VANLALMUANA ROLL NO. 2023BCA007
LALHLIMPUIA SAILO ROLL NO. 2023BCA008
LALAWMPUII..... ROLL NO. 2023BCA009

Under the guidance of:
Mr. H. Lalruatkima
Assistant Professor
Bachelor of Computer Application
(HATIM)

MIZORAM UNIVERSITY, TANHRIL: AIZAWL
2023

HIGHER AND TECHNICAL INSTITUTE, MIZORAM

KAWMZAWL, LUNGLEI – 796701

CERTIFICATE

This is to certify that these records of the course “Minor Project” with course code BCA/5/CC/29 submitted for the partial fulfilment of the requirement BCA V Semester Examination is an authentic and original work carried out under my supervision. Detail of student is given below:

Name: J.Vanlalmuana

Roll No.2023BCA007

Name: Lalawmpuii Sailo

Roll No. 2023BCA008

Name: Lalhlimpaia Sailo

Roll No. 2023BCA009

(H. LALRUATKIMA)

Project Guide

(K. LALMUANPUIA)

Head of Department

ACKNOWLEDGEMENT

First, we would like to give thanks to God for guiding us throughout the process of our project, giving us with good health so that we are able to get this far.

We thank to our Principal Mr. Vuansanga Vanchhawng. We thank him for the support, encouragement and permission, which we enjoy freely in order to accomplish our project, and in this time of Pandemic situation.

Our heartfelt gratitude goes to Mr. H. Lalruatkima, Project Guide and Mr. K. Lalmuanpuia, Head of Department in Department of Computer Science, Higher and Technical Institute, Mizoram for their continual advice, backup, confidence, patience and their encouraging words which gives us courage and confidence without which we would be nowhere.

We thank all the people in the Department of Computer Science for being always available and helpful over the semester.

Last but not the least; we thank our parents for their moral support and encouragement.

1. INTRODUCTION

This project mainly focuses on Health Care website of a particular brand i.e., deleted, an up and coming brand of Lunglei. In this website, user will be able to browse around the products of the brand and will be able to make orders easily

Overview of the Project

1. This website is made to showcase the product of the brand mentioned earlier.
2. It is created so that the brand may gain popularity which may eventually led to higher rate.
3. It is meant to be simple and user friendly.
4. Registered users will be able to send feedbacks about the products or of their experience of the site to the developers/admin through a separate page.
5. Admin monitors and records the activities of all the registered users, as well as provide maintenance to the website.

Objective of the Project

The main objective of this project is to design and develop a simple and convenient website for a particular brand i.e., deleted, in hoping to provide an easy shopping facility online and easy selling facility for the brand of all products provided. This will help a lot in gaining popularity which may eventually led to rise in sales rate.

2. SYSTEM ANALYSIS CONTENT

- Software Requirement

Software Requirement

The software required for making the website and designing the layout and database are as follows:

- PHP: Hypertext Preprocessor
- Cascading Style Sheet (CSS)
- JavaScript
- MySQL Database

3. SYSTEM DESIGN – USER

CONTENT

- Header and Footer
- Login/Registration Page
- Homepage
- About
- Contact
- Account

SYSTEM DESIGN – USER

The Graphical User Interface of the project is created using PHP, CSS and JavaScript

Header and Footer

These are the sections of the page which consists the top and bottom part of the page, namely, Header and Footer. Every page will contain both these sections.

1. Home - navigates to the homepage.
2. About - navigates to a page which contains short description of the brand.
3. Contact - navigates to a page where user will be able to send messages/feedbacks to the admin/developer
4. Account - display a dropdown menu where user can register/login to the website and can even update their account

HOME PAGE

This is the homepage for our website. It is just a simple page with not much to display. As mentioned earlier, it contained both the Header and Footer; and will showcase some products under “Latest Products”

OUTPUT FOR CONTACT :

SERVICE

Physical, occupational, and/or speech therapy

Some patients may need help relearning how to perform daily duties or improve their speech after an illness or injury. A physical therapist can put together a plan of care to help a patient regain or strengthen use of muscles and joints. An occupational therapist can help a patient with physical, developmental, social, or emotional disabilities relearn how to perform such daily functions as eating, bathing, dressing, and more. A speech therapist can help a patient with impaired speech regain the ability to communicate clearly.

OUTPUT FOR SERVICE PAGE

HELPLINE;

helpline, or switchboard, is a telephone service which offers help to those who call. Many helpline services now offer more than telephone support - offering access to information, advice or customer service via telephone, email, web or SMS. The word hotline is also sometimes used to refer to a helpline.

TESTING AND IMPLEMENTATION

Testing This project has undergone many series of tests, and errors present have been dealt with. But there may be unforeseen errors which are however unlikely. With the amount of time we have, we perfected it and run trial many a time, so that we can concur it is usable for all.

DRAWBACKS AND LIMITATIONS

This project is undertaken with careful analysis to meet the given criteria of this final project. Corrective measures have been taken. But our insufficiency of knowledge, skill and experience, this project definitely has its own limitations and drawbacks. It definitely cannot have a wide scope as found in other big projects due to the limitation of time. It is primarily a compilation of only what information we thought would be relevant to satisfy the basic requirements of the project.

FUTURE ENHANCEMENTB

This project will be continue to make it more process in the upcoming project.This could be deployed as an adroid application with more features and user-friendly

Account Page.

As mentioned earlier, there is no separate Account page. This will be made available in the near future.

CONCLUSION

This project is basically designed to be used for all the student or teacher of every department remotely from anyplace through online. This seeks to conclude the work that has been done, and to present the areas that mark to the completion of this project work. This project work is the compilation of the ideas, views and thoughts of our group, Group 4 of 5th Semester BCA, 2023. We are deeply conscious of the fact that this project would neither have been undertaken nor pursued and completed but for the tremendous support that we received from Mr. H. Lalruatkima, our Project Guide and K. Lalmuanpuia Head of Department, who not only give us their full support but provide us with all kinds of necessities that we required in the project we are working. We would also like to place and record our sincere thanks and gratitude to our Principal, Mr. Vuansanga Vanchhawng, for extending his full support and consent to this project undertaken.
